39 CFR Part 20

International Mailing Services: Proposed Product and Price Changes

AGENCY: Postal Service™.

ACTION: Proposed rule.

SUMMARY: In October 2012, the Postal Service filed a notice of mailing services price adjustments with the Postal Regulatory Commission (PRC), effective on January 27, 2013. The Postal Service proposes to revise various sections of *Mailing Standards of the United States Postal Service*, International Mail Manual (IMM®) to reflect new prices and classification changes.

SUPPLEMENTARY INFORMATION:

Proposed prices are or will be available under Docket Number R2013-1 on the Postal Regulatory Commission's website at www.prc.gov.

This proposed rule includes price and classification changes for First-Class Mail International® and extra services. The proposed rule also reflects price and classification changes that result from the Postal Regulatory Commission granting the Postal Service's request in Docket No. MC2012-44 to transfer First-Class Mail International packages (small packets) and rolls from the market-dominant product list to the competitive product list.

First-Class Mail International

This proposed rule would increase prices for single-piece First-Class Mail International letters, postcards, and flats by approximately 14.0 percent. Specifically, postcards would be increased by 8.7 percent, letters would be increased by 12.8 percent, and flats would be increased by 18.9 percent. First-Class Mail International packages (small packets) and rolls will be transferred from the market dominant product list to the competitive product list and no longer available effective January 27, 2013. The rebranded competitive product will be identified as – “First-Class Package International Service™”.

Global Forever Stamp

Building on the success of the domestic USPS Forever® stamp introduced in April, 2007, the Postal Service is proposing to introduce an international Global Forever stamp. Global Forever stamps can be used to mail a 1-ounce letter-size mailpiece anywhere in the world, regardless of when the stamp is purchased and regardless of how prices may change in the future. The Global Forever stamp will

ease the transition during price changes, and will always be sold at the price of a single-piece First-Class Mail International 1-ounce machinable letter and have a postage value equivalent to the price of a single-piece First-Class Mail International 1-ounce machinable letter in effect at the time of use (mailing).

For R2013-1, we propose to charge the same price for 1-ounce and 2-ounce letter-size mailpieces to Canada. Consequently, for this price change, the Global Forever may also be used to mail a 2-ounce letter-size mailpiece to Canada.

To help distinguish between the domestic and international forever stamps, the international version will always be round and will always bear the words “*Global Forever*”. The initial offering of the Global Forever stamp will feature a picture of a globe. Finally, as with the domestic Forever stamp, mailers would have the flexibility to use these stamps as postage for any type of single-piece international or domestic mailpiece.

International Extra Services

The Postal Service proposes to increase prices for market dominant extra services by approximately 11.3 percent, for the following:

- Certificate of Mailing (4.4%)
- Registered Mail™ (10.2%)
- Return Receipt (48.9%)
- International Business Reply Service (16.7%)

Certificate of Mailing

The Postal Service proposes to add the flexibility for mailers who pay for postage with a permit imprint, to now pay the fee using the same permit imprint account. Previously, the only option to pay the fee was for mailers to apply ordinary stamps, meter imprints, or PC Postage® imprints to PS Form 3877, *Firm Mailing Book for Accountable Mail*, or Form 3606, *Certificate of Bulk Mailing*.

Restricted Delivery

Due to low quantity demand by customers, the Postal Service proposes to discontinue outbound international restricted delivery service. Currently, restricted delivery is only available on First-Class Mail International items using Registered Mail service. The Postal Service will continue to offer inbound international restricted delivery service.

International Reply Coupons

Due to low quantity demand by customers, the Postal Service proposes to discontinue the sale of international reply coupons. The Postal Service will continue to exchange (redeem) international reply coupons purchased in foreign countries and presented at U.S. Post Office facilities.

The prices and fees proposed in this notice, if adopted, would become effective concurrent with any domestic prices adopted as a result of the current proceedings before the Postal Regulatory Commission (Docket No. R2013-1). All regulatory changes necessary to implement this proposal are provided below.

Although exempt from the notice and comment requirements of the Administrative Procedure Act [5 U.S.C. 553(b), (c)] regarding proposed rulemaking by 39 U.S.C. 410(a), the Postal Service invites public comment on

the following proposed revisions to the *Mailing Standards of the United States Postal Service*, International Mail Manual (IMM), incorporated by reference in the *Code of Federal Regulations*. See 39 CFR Part 20.1.

First-Class Mail International is a generic term for mailpieces that are letter-size or flat-size that weigh 4 pounds or less, and that have a value that is \$400 or less. 152.3 Stamps

152.31 Types of Stamps

[As explained in an upcoming revision article, and to be effective November 5, 2012 (which is before these revisions on mailing services will be effective), we will switch the order of sections 152.2 and 152.3 (so that “Stamps” will be the title of 152.3) and will revise the renumbered 152.3. Then, effective January 27, 2013, we will revise the renumbered 152.31 and revise item d and insert a new item e to read as follows:]

The following types of stamps may be used to pay for postage and fees for extra services listed under chapter 3 for all single-piece international mail transactions:

* * * * *

- d. *Forever Stamps (domestic)*: A domestic *Forever* stamp’s value is linked to the domestic First-Class Mail single-piece 1-ounce letter price that is in effect on the day of use (mailing) regardless of when the stamp is purchased and regardless of how prices may change in the future.
- e. *Global Forever Stamps*: A *Global Forever* stamp’s value is linked to the First-Class Mail International single-piece 1-ounce machinable letter price that is in effect on the day of use (mailing). *Global Forever* Stamps can be used to mail a 1-ounce machinable letter-size mailpiece anywhere in the world, regardless of when the stamp is purchased and regardless of how prices may change in the future. *Global Forever* stamps are round and always bear the words “Global Forever.” In addition, mailers may use the *Global Forever* stamp, as postage for any type of single-piece international or domestic mailpiece. Their value (regardless of purchase

date) is always equal to the First-Class Mail International single-piece 1-ounce machinable letter price that is in effect on the day of use (mailing).

[Revise 153.32 to read as follows:]

152.32 Additional Postage for Nondenominated Postage Stamps, Forever Stamps or Forever Print-on-Demand Indicias

Since international postage prices are always higher than the comparable domestic postage prices, mailers who affix a single nondenominated postage stamp or a domestic *Forever* stamp to their outbound mailpieces must add additional postage to comply with the international price schedule.

380 Supplemental Services

381 International Reply Coupons

[Revise 381 in its entirety to read as follows:]

381.1 Description

As of January 27, 2013, the U.S. Postal Service no longer sells international reply coupons. However, coupons previously sold by the U.S. Postal Service can still be used or exchanged (see 381.2). The following standards apply to international reply coupons:

- a. The sender of a letter may prepay a reply by purchasing reply coupons that are sold and exchangeable for postage stamps by participating postal administrations in member countries of the Universal Postal Union.
- b. International reply coupons (in French, *Coupons-Reponse Internationaux*) are printed in blue ink on paper that has the letters “UPU” in large characters in the watermark. The front of each coupon is printed in French. The reverse side of the coupon shows the text relating to its use in German, English, Arabic, Chinese, Spanish, and/or Russian.

381.2 Previously Sold Coupons and Exchange Value

The following standards apply to the exchange of international reply coupons:

- a. International reply coupons sold by the United States Postal Service prior to January 27, 2013, are exchangeable in any other member country for a stamp or stamps representing the minimum postage on an unregistered air letter. Unused U.S. coupons (that is, those with the U.S. selling price stamped on them that are not ultimately redeemed by recipients in other countries) may be exchanged only by the original purchaser for United States postage stamps at a discount of 1 cent below the purchase price.

- b. With the exceptions noted in 381.3d, international reply coupons purchased in foreign countries are exchangeable at U.S. Post Office facilities toward the purchase of postage stamps and embossed stamped envelopes at the current maximum First-Class Mail International 1-ounce, letter-size price, per coupon, irrespective of the country where they were purchased. See Notice 123, *Price List*.

381.3 Processing Requests

The following standards apply when processing international reply coupons:

- a. Under Universal Postal Union's regulations, participating member countries are *not* required to place a control stamp or postmark on the international reply coupons that they sell. Therefore some foreign issue reply coupons that are tendered for redemption may bear the name of the issuing country (generally in French) rather than the optional control stamp or postmark. Such coupons are exchangeable for U.S. postage as specified in 381.2b.
- b. A Post Office facility redeeming an unused U.S. coupon must postmark it in the unpostmarked circle. A Post Office facility exchanging a foreign reply coupon must postmark it. Post Office facilities must not accept foreign coupons that already bear a United States Postal Service postmark.
- c. The only valid version of the international reply coupons printed by the Universal Postal Union is Item Number 330800, which is approximately 3.75 inches by 6 inches, has a barcode on the reverse side, and has an

expiration date of December 31, 2013. This policy is for international reply coupons issued by the United States before January 27, 2013 as well as for those issued by foreign postal administrations.

- d. Reply coupons formerly issued by the Postal Union of the Americas and Spain are no longer valid. These coupons are printed in green ink and bear the caption *Cupon Respuesta America-Espanol*. Customers possessing any of these coupons should return them to their correspondents in the country of issue for redemption through the selling post office.
- e. Postmasters must process exchanged foreign and redeemed U.S. international reply coupons as prescribed in 11-6.6, "International Reply Coupons" in Handbook F-101, *Field Accounting Procedures*.
